### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert M.O'Keefe on September 28, 2004.

The application has been amended as follows:

In claim 1, line 4, "crater-like peaks which" has been deleted and replaced by --and--.

In claim 1, line 5, "peak" has been deleted and replaced by --fringe--.

In claim 20, line 4, "crater-like peaks which" has been deleted and replaced by --and--.

In claim 20, line 5, "peak" has been deleted and replaced by --fringe--.

In claim 22, line 4, "crater-like peaks which" has been deleted and replaced by --and--.

In claim 22, line 5, "peak" has been deleted and replaced by --fringe--.

2. The following is an examiner's statement of reasons for allowance:

The closest prior art of record fails to teach or suggest the recited composite, profile or molding. Independent claims 1, 20 and 21 identify the uniquely distinct features of a molding, composite or article of manufacture that include "fringes are non-perforated and are at least

partially hollow with at least 25 percent of the volume at the top of the fringe being empty and have a height of at least 40 microns or more". The closest prior art of record, Allgeuer et al. (Application Number 10/031,302 currently under allowance), discloses a profile or molding with a layer having a microstructure, where a terminal disclaimer has been filed over the case due to link the cases together. The claims with regard to the process of making the mono-layer or multi-layer film, sheet or coating have been rejoined with the article claims under *In re Ochiai*, 71 F.3d 1565, 37 USPQ 2d 1127 (Fed. Cir. 1995), since the claims contain all of the limitations of claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
